A SOLUTION THAT IS BEYOND BUNDLED

401GO delivers end-to-end ownership of your 401(k)—so there are fewer handoffs, less complexity, and a smoother experience for you and your employees. Our integrated approach brings recordkeeping, administration, compliance, and investment management together in one platform.

Why choose a provider with end-to-end ownership over a multi-vendor approach?

Cost Efficiency

Reduce handoffs to help keep pricing competitive—and limit surprise fees.

Lower Administrative Burden

Keep compliance, reporting, and fiduciary support in one place—reducing workload and risk.

One Point of Contact

Work with one team for faster, clearer service.

Faster Problem Resolution

Resolve issues faster with one provider accountable end-to-end.

Better Employee Experience

Give employees one platform for enrollment, accounts, and planning.
